OPTIMA
15" TOUCH PC POS TERMINAL

OPT-PS-02N

Simple, yet Powerful

Optima's 15" Touch screen terminal is equipped a fanless quad-core Intel® Celeron® processor to run the latest Windows 10 applications smoothly. Deliver reliable and solid performance.

Professional Cable Management

An optional I/O cover hides cables out of sight, keeping your counters looking neat. The lockable design prevents unauthorized access to the system ports.

Bezel Free Design

Rugged aluminum die-casting enclosure. Ultra-slim and Fanless design. Supports universal VESA mount. Flexible to adapt your various installation environments.

Built for Touch

The zero-bezel flat display comes with PCAP touchscreen, creating a smooth and seamless touch experience.

Easy Service

Easy access to the HDD. Easily swap the HDD. The slide-out storage design provides a helpful, secure and helpful way to service.

Integrated Attachments

Flexible for more peripherals to support diverse applications.
